

EXPLANATION

6450
6500

STRUCTURE CONTOURS - Drawn on top of the Fruitland 1 coal bed. Contour interval 50 feet (15.2 meters). Datum is mean sea level. Contours long dashed where inferred, short dashed where projected through noncoal-bearing area.

O 6422.7
DRILL HOLE - Showing altitude at the top of the Fruitland 1 coal bed, in feet.

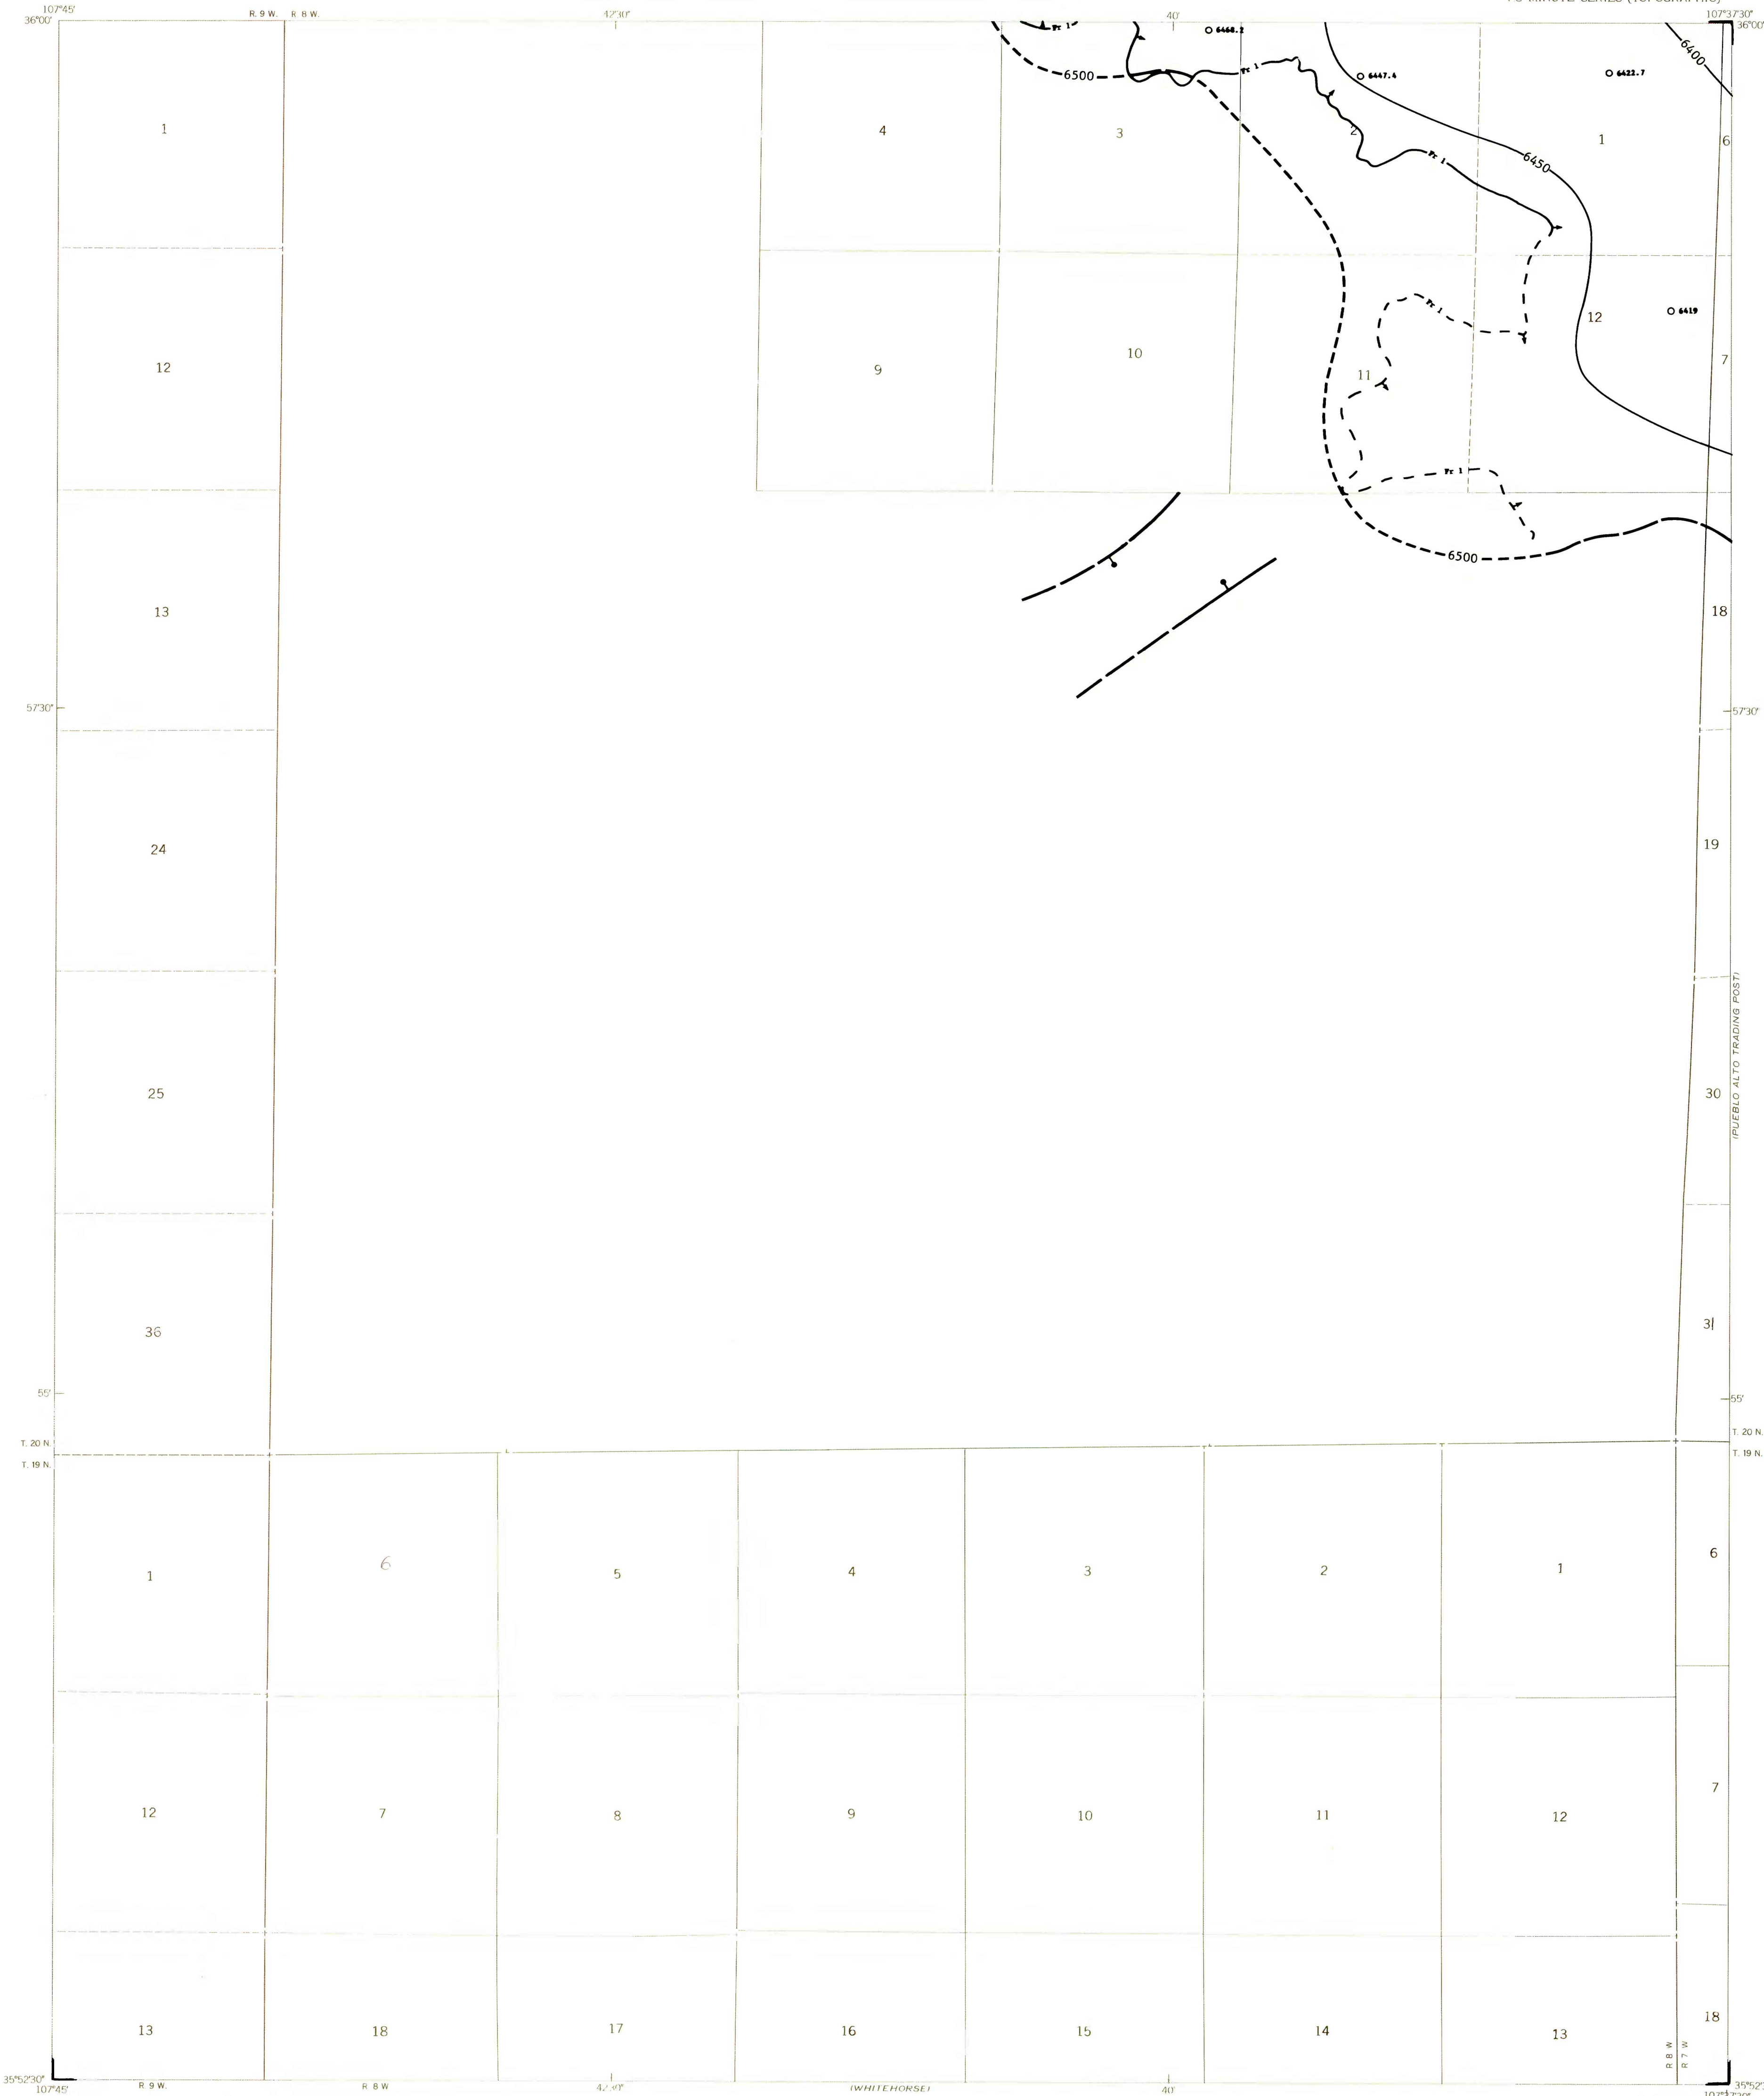

Fr 1

TRACE OF COAL BED OUTCROP - Showing symbol of name of coal bed. Arrow points to coal-bearing area. Dashed line indicates inferred outcrop. Trace of coal bed outcrop modified (from original data source) to fit modern topographic map.

FAULT - Dashed where approximately located; bar and ball on downthrown side.

To convert feet to meters, multiply feet by 0.3048.

Fruitland coal beds contoured as a single surface on this map are equivalent to stratigraphic position but may not be continuous.
